STATE OF NEW JERSEY	:	SUPERIOR COURT OF NEW JERSEY

vs.	:	
	:	
	:	CERTIFICATION OF
	:	ANTHONY REYES
	:	VICTIM'S SON
WILLIAM BOSTON	:	
	:	
DEFENDANT	:	

Anthony Reyes certifies as follows:

- 
1. I am the son of Ruth Walker.
  2. I am listed as a witness for the prosecution in this matter. It is my understanding that I am being called as a witness because I know the defendant, and I am aware of certain interactions between the defendant and my mother that occurred prior to the day she was killed and I came to the area of the crime scene and observed my mother lying on the bedroom floor. Except for this particular information and any other questions asked of me relating to it, I have no independent knowledge of any other facts that are material to or relevant to the charges against the defendant.
  3. The defendant in this case has named me as a witness on his behalf. I understand that I will be sequestered from the trial prior to the completion of my testimony. I respectfully request that upon the completion of my testimony, if the defendant seeks to have the sequestration continued for the remainder of the trial, that his counsel present to the court the reasons for keeping me sequestered.

4. It is very important to me as a survivor of the victim Ruth Walker to be present during the trial when I will no longer be needed as a witness. I respectfully ask the court to permit me to be present during this public trial, as it is apparent that the reason the defense has placed my name on his witness list is to improperly remove me, a member of the victim's family, from the courtroom.

I hereby certify that the foregoing statements made by me are true and if they are false I am subject to punishment.
